Association
- Lower Ninth Ward.

The Fight for Methodist Hospital

**“State of Health in the East”
Summit**

Please join us as we stand up for the return of Health Care in the Eastern New Orleans Region. Pre-Katrina, we had two (2) hospitals and now we are at the 5 year mark Post Katrina with zero hospitals. No more studies, No more delays!!! The health of our community is at risk. This Summit will serve to raise awareness to the current and new Administration that this is a human issue and not a political one. All public officials: city, state, and federal have been invited to attend.

**Presented by:
East New Orleans Neighborhood Advisory Commission (ENONAC)
and
New Orleans East Business Association (NOEBA)**
